

EXTRA-STRENGTH BIODEGRADABLE CLEANER FOR TRUCKS AND BUSES

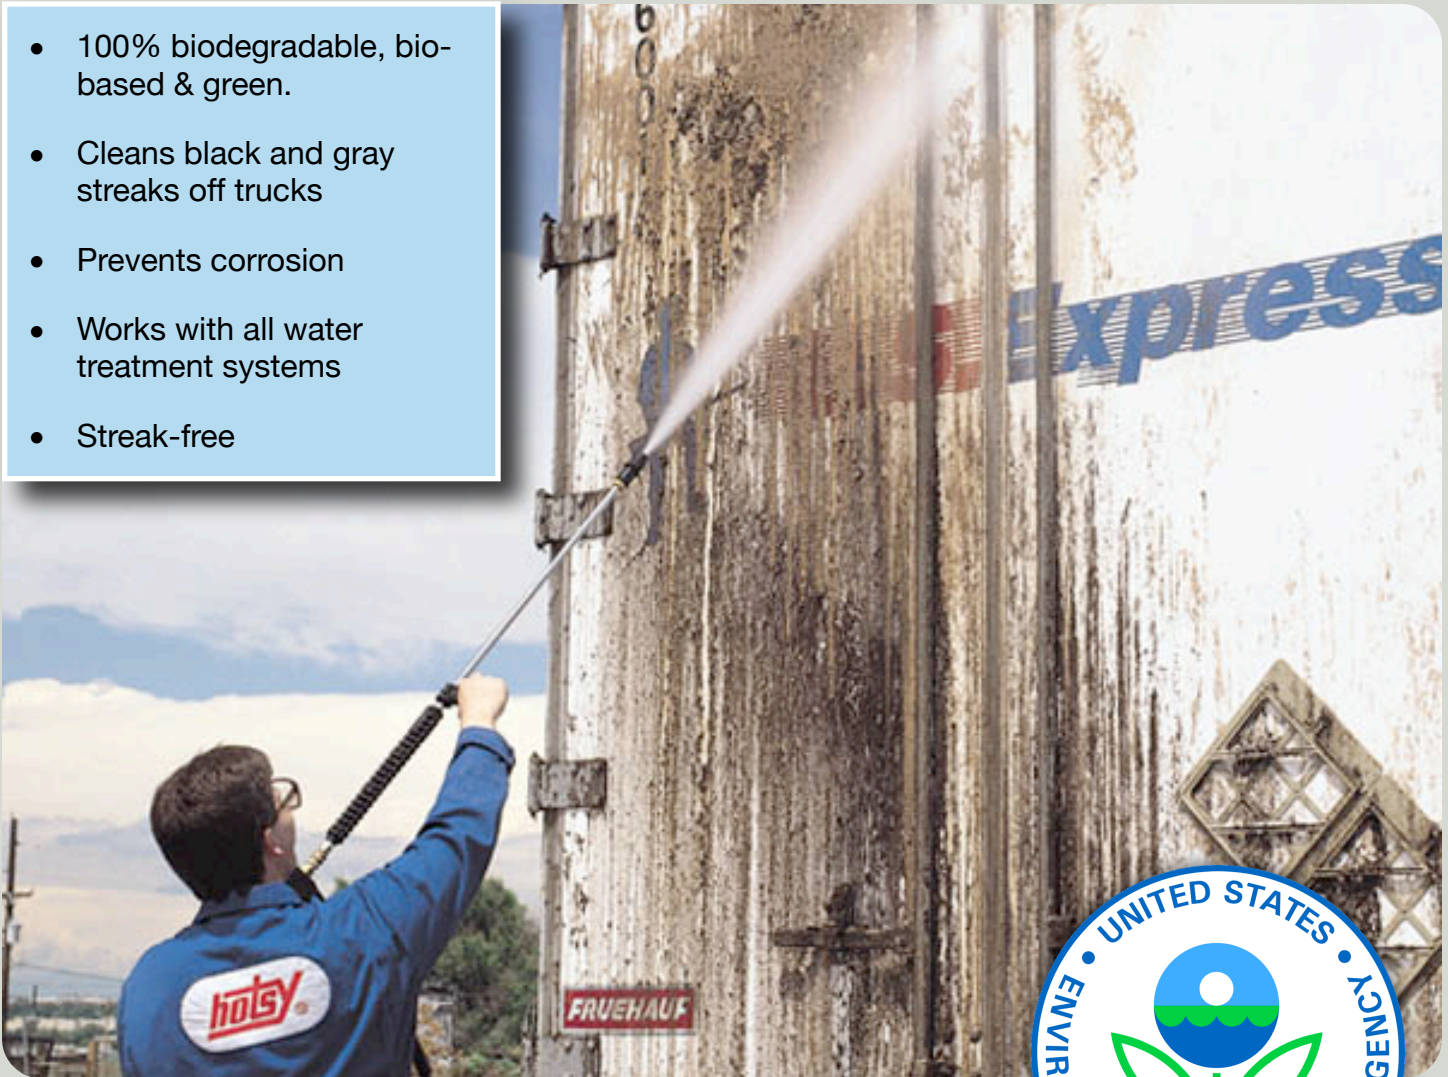

SUPER CLEAN

Order Now: 800-724-5221

SAFEWASH
TECHNOLOGIES

- 100% biodegradable, bio-based & green.
- Cleans black and gray streaks off trucks
- Prevents corrosion
- Works with all water treatment systems
- Streak-free

Super Clean is gentle enough for every day usage, but is also strong enough for those extra-tough cleaning jobs. It cleans those pesky black and gray streaks off of your trucks, and includes a rinse agent to help you clean more trucks in less time. We even have some customers who us it for engine degreasing.

If you have gray water coming out of your

water treatment system, then you are probably using the wrong soap. Super Clean was specifically designed to be compatible with all water treatment systems and has no saponifying agents that will clog up your system.

Compare our quality and price with your detergent -- call now to place an initial order: 800-724-5221.

SAFE FOR THE ENVIRONMENT

Uses EPA-approved CleanGredients surfactant (no nonylphenol ethoxylates).

About SafeWash Technologies:

Started in 1940, SafeWash Technologies is a leading provider of industrial cleaning systems. We supply the best pressure washing equipment, custom eco-friendly formulations to safely and effectively handle any cleaning job, and wash water treatment systems to keep you in compliance with water runoff regulations.

SafeWash has also been recognized by the EPA with "Champion Status," the highest level of recognition possible for a detergent company. Inquire with our representatives about how we can help you obtain the end-user certification for your business. It's a free benefit of buying from SafeWash and gives you a real advantage in your marketplace.
